INTRODUCTION

For ages safe and healthy working environment is recognized as a fundamental right of every human being. Government of India strictly adheres to the safe, clean environment as well as healthy working conditions. Social justice, economic growth cannot be achieved unless education, training, consultation and exchange of information and good practices are essential for prevention and promotion of such measures". In this direction the services of qualified Safety Officers are necessary to assist the management in planning, implementing and monitoring accident prevention programs.

Section 40-B of the Factories Act, 1948 and Andhra Pradesh Factory Act Rules amendment reference GO Ms. No 36 Dated 24/06/2011 reference LR No.B2/13391/2009 dated 05/05/2011, Regulation 93 of the Dock Workers (Safety, Health and Welfare) Regulation, 1990, and Section 38 of the Building and Other Construction Workers (Regulation of Employment and Condition of Service) Act, 1996 prescribe the appointment of Safety Officers.

The task of the Safety Officer is to advise and assist the management in the fulfillment of the obligations concerning prevention of occupational diseases & accident and maintenance of safe working environment. A person should essentially possess a Diploma/Certificate in Industrial Safety recognized by the respective State Government for appointment as Safety Officer in addition to other prescribed qualification and experience. This course facilitates the occupier, etc. for appointment of qualified safety officers to fulfill legal requirements in factories, docks, construction sites, etc.
